

Network Administrator

- **Established, progressive company**
- **Nationally recognised brand**
- **Specialists in implementing and supporting ICT infrastructure**
- **Great team culture**

We have an opening in our Auckland branch for a Network Administrator to provide scheduled support to our education customers located throughout the region.

Whilst technical knowledge and the ability to learn are key requirements of the role, excellent communication skills are also essential.

You will have...

- Proven experience administering Windows server based environments together with a broad base of technical understanding (with Mac skills as an added advantage)
- Confidence in your ability to successfully troubleshoot Windows (or Mac) client issues as part of providing a highly efficient desktop support service
- Strengths in building relationships and delivering a very high standard of customer service
- A minimum of MCSA or equivalent certification with a commitment to ongoing learning and professional development
- A track record of being an effective contributor in a high performing team
- 2 years experience supporting Windows server/client based networks
- NZ residency and a full drivers licence

If this sounds like you then we would like to hear from you.

Please send your application and C.V. to matthew.smith@edtech.co.nz

NOTE for Overseas Enquiries and Non NZ Residents:

Whereas we welcome international enquiries, only applicants who are legally entitled to work in New Zealand and can make themselves available for interviews in New Zealand will be considered for advertised positions. Others may not necessarily be responded to.
